

Nationaler Radverkehrsanteil

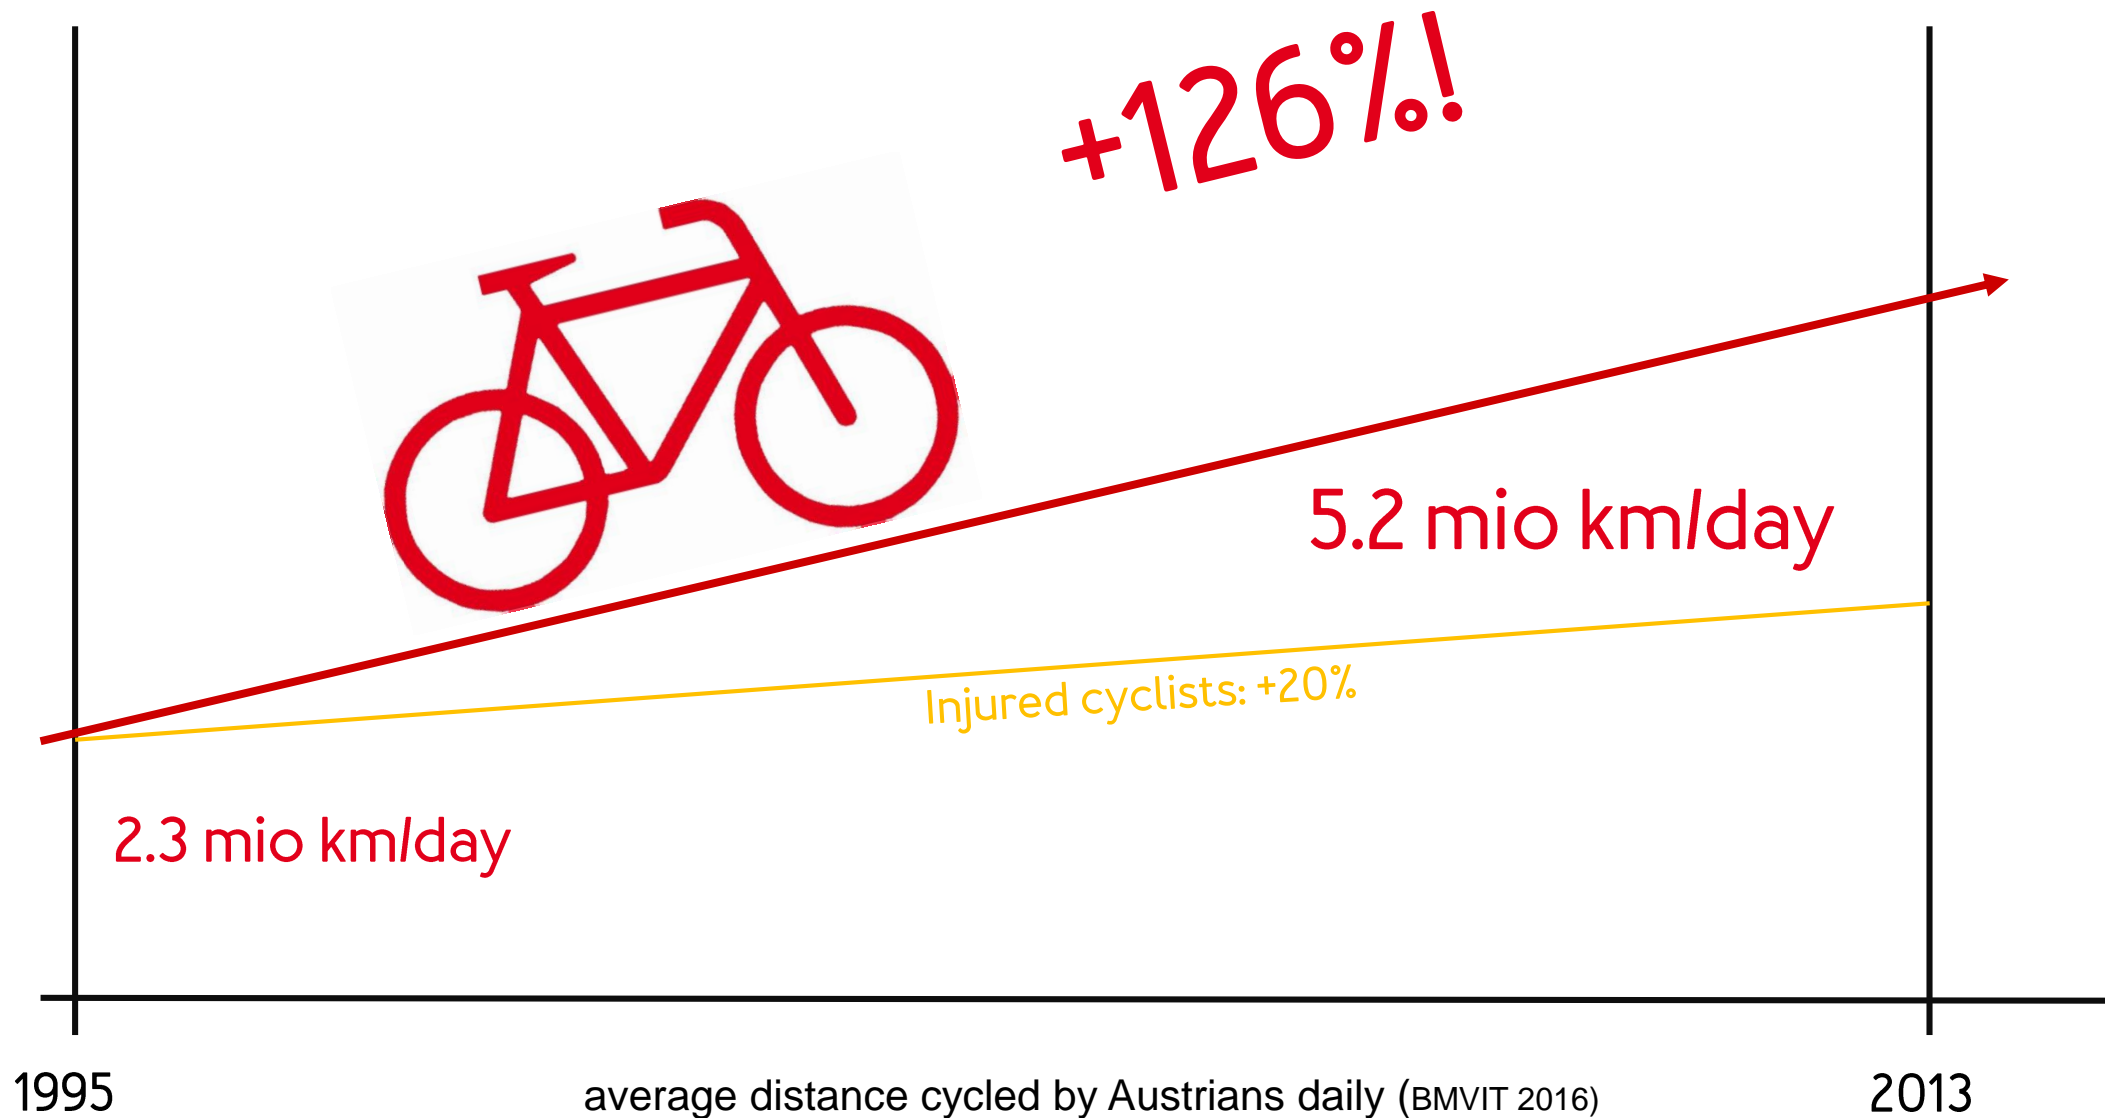

Quelle: ECF

average distance cycled by Austrians daily (BMVIT 2016)

We know
the way up!

Goal: double the modal share

According to the federal climate and energy strategy #mission2030 , the share of cyclists is to be raised to 13 percent by 2025. Currently: 7 percent

PLANNING & CONSULTING

Cycle Competence Austria members set themselves apart by offering solution-based planning processes and experienced support in the implementation.

KOMOBILE - PLANOPTIMO
ROSINAK & PARTNER - VERKEHRPLUS
VERRACON - CON.SENS

BICYCLES & CLOTHING

Bicycles as efficient means of transport and functional outfits can continuously be improved by innovation and idealism.

KTM - KALOVEO - MCS MADERNA
RAINCOMBI - LÖFFLER
VELLO - WOOM

PARKING & CHARGING

Safe, comfortable bicycle parking and charging of e-bike batteries at start and destination are essential to make trip chains work.

BIKE-ENERGY - INNOVAMETALL
ZIEGLER AUSSENANLAGEN

NAVIGATION & MARKETING

The question of the right way forward can be answered by new technologies and strategic communication from Austria.

BIKE CITIZENS - BIKEMAP
KATAPULT - PRISMA SOLUTIONS

NETWORK COMPETENCES

Since 2015 we are pooling the competences of Austrian cycling-related companies

SPONSORS & INITIATIVES

Austria's cycle traffic needs support on all levels of administration and from civil society.
