Na jednom zo stojanov podla mapy
http://v.gd/whitebikes
si vyberies bicykel, napriklad cislo 13. Bicykle maju cislo napisane na riaditkach v strede (vyrazene napr. BK 013)

rent 13

Open with code 8335, change code immediately to 1006 (open,rotate metal part,set new code,rotate metal part back).

Potom posles smsku v tvare RENT cislo bicykla:
A pride ti kod, pomocou ktoreho bicykel odomknes. Nasledne treba nastavit novy kod tak, ze na otvorenom zamku s vytiahnutym Uckom pootocis kovovu cast, nastavis novy kod, a pootocis kovovu cast spat. Nasledne bicykel zamykas s nastavenym kodom. Bicykel je najlepsie zamykat cez trojuholnik v strede ramu.

Vozis sa. Mozes bicykel zamykat, kde uznas za vhodne, samozrejme tak, aby to bolo bezpecne, okrem oznacenych stojanov, aby si ho niekto nepomylil s bicyklami, ktore su pripravene na pouzitie.
Pocas vozenia treba mat kod pretoceny, aby ho niekto neuvidel, a aby sa zamok samovolne neodomkol.

Ked sa dovozis, vratis bicykel na niektory zo stojanov smskou RETURN cislobicykla menostojanu. Ako oznaceny stojan sa mysli len ta jedna oznacena rura na danom mieste, biele bicykle sa privazuju o seba, aby sme neblokovali vsetky rury pre inych ludi.

Return 13 sasinkova

You have successfully returned the bike 13 to stand SASINKOVA. Make sure you have set the code 1006. Do not forget to rotate the lockpad to 0000 when leaving.

System nie je citlivy na velke a male pismena.

Pocty a umiesnenia volnych bicyklov mozno zistit prikazom FREE.
