The corridors of the 4 major EuroVelo route sections and state cycling routes in Croatia
The corridors of the major 4 EuroVelo route sections and state cycling routes in Croatia
National context prior to NECC

- Strategy for Development of Tourism in Croatia (2013)
- Action plan for development of cycling tourism (2015)
- Great need for development of high quality and safe infrastructure for cyclists
- Need for more targeted funding programs for cycle tourism on national level, in general
- Cycling regions of the coastal Croatia were leading, i.e. Istria, in comparison with continental parts
- The first national book of regulation for cycling infrastructure (2016)
National coordination for cycle tourism development

- Established on February 25th, 2016

- Main aim – to coordinate the development of cycle tourism in Croatia

- Objectives in the regional context:
  - supporting the management of European cycle route network (EuroVelo)
  - cooperating on the establishment of national and international cycle tourism products
  - lobbying for the better recognition of the sustainable tourism development in Croatia
First steps of the Coordination

- Recommendations for improvements of cycling infrastructure and cycling tourism legislation as a whole
- Membership and cooperation with ECF and other international partners
- Establishment and improvements on the EV route sections, and working on the national cycle route network
- Building up the quality of the coordination and cooperation in cycle tourism, and implementing ECS standards
- Lobbying for the funding on the national level
- Partnering with the neighbouring countries and applying for international project funding (joint project and cross-border activities)
- Initiating development of the county network with the (regional (NUTS 3) designated representatives (county coordinators for development of cycling tourism)
What have we achieved so far

- Plan for national (major state) and state interchange routes + regional (link) cycling routes
- New book of regulations for signage on cycling routes in draft and the process of adoption by the Ministry of Sea, Transport and Infrastructure
- Cooperation with neighbouring countries, as we speak
- Ministry of Tourism – financing operational plans for the development of cycling tourism in 14 continental and 6 coastal counties of Croatia
- Ministry of Internal Affairs (Police and Road Safety) as a member of NECC
