PBS PROCUREMENT: KEY QUESTIONS

- » Is a bike share program appropriate for my jurisdiction?
- » What will the goals of this bike sharing program be?
- » What will the initial service area for the program be, and where will the stations be placed?
- » How will the program be paid for, who will own and how will it be operated?
- » What is the timeframe for roll out, and what are options for future phases?
- » What are other local transportation issues, services and policies that could support or challenge the PBS program?
