Rail commuters face travel chaos as Glasgow Queen Street station to partially close for five months

Train chaos looming for passengers as Queen Street Station shuts for 20 weeks

Travel chaos ahead with closure of main Glasgow train station tunnel for five months
Guided cycle rides to help commuters during Queen Street tunnel works

Monday, 6 June 2016

The ScotRail Alliance has teamed up with Cycling Scotland and Glasgow Bike Station to offer a quick, safe and healthy active travel option for customers travelling from Bishopbriggs during the Glasgow Queen Street Tunnel works.
The Queen Street Tunnel closure this spring is the perfect reason to get back on your bike!

With three route options catering for all abilities, Glasgow Bike Station (in partnership with ScotRail and Cycling Scotland) presents a comprehensive programme of ‘Led Rides’ all led by qualified and experienced ride leaders.

Route 1: Mainly on cycle paths, this route is the slowest of the three, allow around 35-40 minutes.
Route 2: Following residential roads, allow 30 minutes for this mid pace route.
Route 3: Allow 25 minutes for this faster ride, all on busy roads.
