Bike Governance in The Netherlands
Mark Frequin
16 June 2017
Cycling is important
4,5 billion cycle trips, 16 billion kilometers traveled cycling = train

Cycle compared to Train?
CHALLENGES

parking spaces, traffic jams, e-Bike, inclusive society
Bicycle parkings at train stations
Bike traffic jams
Different types of bicycles
An inclusive society
Bike Governance
Goal of the Bicycle Agenda:
20% more cycling in 10 years

1. Netherlands Bicycle Country
2. More space for cycling in cities
3. High quality regional routes
4. Optimizing multi-modal transport
5. Targeted promotion of cycling
6. Less casualties
7. Less bike theft
8. Strengthen the knowledge
TODAY

Bicycle highways, behavioural campaigns, data collection, technology
The Netherlands as Forefront Country
International cooperation
Bicycle Agenda
2017-2020

Bike governance = together
Self driving bike
